

• Formula: Root - Third - Fifth

•                    ^            ^  
•                    M3        m3

M3 = 4 half steps | m3 = 3 half steps  
\*(remember half steps are counted from zero  
scale steps start from one)\*

## Major Triad Construction

C

          —            —  
M3rd            m3rd

D<sup>b</sup>

          —            —  
M3rd            m3rd

D

          —            —  
M3rd            m3rd

E<sup>b</sup>

          —            —  
M3rd            m3rd

E

          —            —  
M3rd            m3rd

F

          —            —  
M3rd            m3rd
